FACTS ABOUT PINEAPPLES!

- Pineapples regenerate! You can plant pineapple leaves to grow a new plant.
- Pineapples contain the bromelain enzyme which can break down proteins, so you can use them to tenderize meat.
- Hawaii produces about 1/3 of all pineapples in the world.
- Pineapples are a cluster of hundreds of fruitlets.
- Pineapples take about 18-20 months to become ready to harvest.
- Pineapples are native to South America before Christopher Columbus discovered them in 1493.
- Pineapple is the only edible fruit of its kind, the Bromeliads.
- One pineapple plant can produce one pineapple at a time.
- Pineapples ripen faster upside down.
- American colonists regarded pineapples as a luxurious treat because of their rarity and cost.
- A pineapple is the result of many flowers whose fruitlets have joined around the core.
- In the wild, pineapples are pollinated primarily by hummingbirds. Certain wild pineapples are foraged and pollinated at night by bats.
- Little is known about its domestication, but it spread as a crop throughout South America. Archaeological evidence of use is found as far back as 1200 - 800 BC (3200-2800 BP) in Peru and 200BC - AD700 (2200-1300 BP) in Mexico, where it was cultivated by the Mayas and the Aztecs.
- Because of the expense of direct import and the enormous cost in equipment and labor required to grow them in a temperate climate, in greenhouses called "pineries", pineapple became a symbol of wealth. They were initially used mainly for display at dinner parties, rather than being eaten
- **Symbol of status:** In early European society, pineapples were a symbol of status. Pineapples could not be grown on European soil, and therefore, only the affluent could afford to import them. Pineapples were used as decorative elements in dinner parties and reflected the wealth of the host.
- **Symbol of hospitality:** Pineapples were hung on doorways as a symbol of friendship and warmth. They were a sign welcoming guests for a friendly chat. Sailors who returned safely from their oceanic voyages placed a pineapple in front of their homes to invite friends and neighbors.
- For the Chinese, the pineapple is a symbol of good luck, fortune and wealth. In some Chinese beliefs, pineapple spikes are seen as eyes which see ahead, and bring good luck to the keeper.
- In European Christian art of the 1500's, the fruit was a symbol of prosperity, wealth, and eternal life. In the 17th century, Christopher Wren, the English architect, used pineapples as decorative elements on churches.
